Question	Answer
<p>- Please can you provide an indication of the approximate quantities required on a monthly basis to each location?</p> <p>- Are deliveries expected once a month to each location - if not what is the expected frequency of deliveries per location?</p>	<p>In terms of deliveries, please refer to Instructions to Tenderers, Article 5 "Type of Contract" which stipulates "Unless exceptional circumstances or urgent logistic needs, the contracting authority will make efforts to let 7 days elapse between the issuance of two consecutive Purchase Orders. I.e. unless exceptional circumstances purchase orders will be issued on a weekly basis".</p> <p>The average required quantities are 300 - 400 packs (6x1.5lt bottles) per week, throughout the mission, although amounts do vary due to the weather / season.</p>
